Best college

Everything is good.

Nil

More alumni meets expected

I am proud to be a student of this institution

Forming a Alumni website forum

Nothing

Industrial projects may be taken up to provide better exposure to the students and professors

No Thanks

This is the best college in odisha

S.k. panda sir. A amazing personality I have ever seen.

Need much development

No comments regarding infrastructure n all but there must be a good cricket n football playground to push some cricket n soccer enthusiasts to pursue these professions also

Should focus more on to improve Communication

Reduce the mess bill

Maintain all the facilities as it is always

Good college

There is no suggestions for college because this is the best college ever and I Miss everything of my college and thanks for everything,

College should start own bus facility

Good

The betterment of Animal house and Sports zone is littlebit necessary. Thank you

RCPHS should be a great choice for the pharmacy students the environment the teaching facilities are also very good my suggestion would be college should provide well internet system throughout the campus so that the students can be benefited, Library should be smart with new computers and internet and The facility of Training and Placement of the institute should be more better. Hope my ideas shall help for future betterment. Thank you.

For more devlope in practical purpose

Thanks all 🙏 faculties

conduct Conferences every year to encourage participation from 1st yr till Mpharm students, which will encourage and gain more knowledge about the yesterday today and tomorrow of pharmacy

If we can arrange for more interactive session with our Ex-Students who are in top position for better career counselling.

Career counseling and placement

Career counseling and placement facilities should be increased

No suggestions

Placement

Great institutes to study as well as work

Thanks

Great experence with this institute, management and teaching staff.

Contact as for any job related things

All are best in college.

Na

.

Focusing on extra circular activity.

Better campus placement services

No all ok

Still many things is yet to devy

Official college what's up group must create

As a premier pharmaceutical institution, institute should focus on the skill development, entrepreneurship. There should be regular industry & institute interaction programs to keep the students industry ready.

More research

Our institute is arguably a wonderful institute however, the industry institute interaction need some development.

Need more attention for placement.

Kindly develop college campus walking areas for students.

Sadly, every time i go to the library, i did not get any required book here.

Increase in industry Institution interaction will help students to identify the requirements of current scenario w.r.t carrier opportunities and growth.

Its really great to be a alumni of RCPHS

No need. RCPHS is the very best place for education.

Good

Have to Conduct Alumni meet which will help especially for newly qualified people for getting job and for which we all paying money.

One of the best college in Berhampur, Odisha

No comment

Keep it up

I am very much fortunate that I studied in RCPHS. Teachers, Lab technicians and other staffs are very helpful and supportive. Teachers are always available for help in both studies and career counselling. Students engage in social services through the college Rotaract Club. Along with studies, facilities for indoor and outdoor games also available. Hostel canteen is very nice(I still miss).

The best institute I ever studied in my entire life.. development at it's best when I compare this institute from 2002 to 2022..very good staff and a very good atmosphere

Student placement assistance should be given.

External collaborations and research environment should be furtherly developed.

Internet facility or wifi should be more developed

One training should be required about career objectives & functions after the completion of course or at the end of the last year so that students may get beneficial about their career growth and no bias thoughts on career growth. And overall RCPHS doing all the activities in a descipline method, And yes I am proud of that to be a part of RCPHS family . Thank you Sir for this Alumni feedback form. 🙏
